## MILITARY DEVELOPMENTS EXPECTED MOMENTARILY: DETAILS KNOWN ONLY TO HITLER, CHIEFS

### Believed Action Will Directed Against Britain

REPORTS FROM BERLIN STATE THAT MILITARY DEVELOPMENTS ARE EXPECTED AT ANY MOMENT. THE DETAILS OF WHICH ARE KNOWN ONLY TO HERR HITLER AND HIS CHIEFS.

WELL-INFORMED CIRCLES BELIEVE THAT THE ACTION WILL BE DIRECTED AGAINST BRITAIN, SAYS A REUTER MESSAGE FROM BRUSSELS.

German troop concentrations on the Swiss frontier continue, according to well-informed French circles, in Paris.

The Swiss military authorities are reported to have taken precautionary measures.

## New Polish Government Recognised By League

LONDON, Oct. 29 (Reuter)—The Polish Government which was recently formed in Paris has been acknowledged by the League of Nations.

The Polish protest against the partition of the country by Germany and Russia and the return of Vilna to Lithuania has been accepted by the League.

## NEUTRALITY OF RUSSIA QUESTIONED

WASHINGTON, Oct. 29 (Reuter)—A complaint that Russia failed to co-operate with the United States in the City of Flint incident was made by the State Department.

It accuses the Soviet with withholding information and not informing the U.S. Government whether the steamer had actually left Murmansk. By such action Russia's neutrality is questioned.

## WESTERN FRONT AT STANDSTILL

PARIS, Oct. 29 (Reuter)—Activity on the Western Front is now at a standstill after yesterday's report of activity being reduced during the night to a few outpost contacts.

## ANNUAL DINNER OF H.K. CHINESE MANUFACTURERS' UNION

The annual dinner of the Hongkong Chinese Manufacturers' Union was held at the To Yuen Restaurant, West Point, on Saturday evening, when representatives of some 200 member concerns gathered to listen to Mr. Ip Lan-chuen, chairman, who gave a review of the Union's activities during the past year.

Mr. Ip said that the Union had grown from a mere handful of members to 231 in three years.

## MR. GANDHI & VICEROY'S STATEMENT

### BOMBAY GOVT. TO RESIGN ON TUESDAY

BOMBAY, Oct. 28 (Reuter)—The Bombay Government has announced that it will resign on Tuesday.

Commenting on Sir Samuel Hoare's statement on India in the House of Commons, Mr. Gandhi said to-day that he appreciated the conciliatory tone of the speech and he was embarrassed at having to produce a jarring note.

### "UNREAL" REMARKS

Sir Samuel had spoken of the need to look after the Indian minorities, but, with the exception of the depressed, there was no minority in India which was not able to look after itself. Sir Samuel's remarks, therefore, seemed to Mr. Gandhi to be "unreal."

He was glad to hear that Britain had abandoned her Imperialistic ideas, but would she not allow the people of India to judge of that for themselves?

### NOT BARREN IDEA

Sir Samuel had laughed at suggestions of non-co-operation, but Mr. Gandhi was convinced that it was not as barren an idea as Sir Samuel thought.

Both Congress and the British Government were on trial and nothing but good could come of it if they both played the game.

## CZECH CLASHES WITH POLICE

PRAGUE, Oct. 28 (Reuter)—To-day was the Anniversary of the founding of Czechoslovakia in 1918. Despite the Nazi Ban on all public demonstrations, the Czechs observed the holiday in various ways.

Several clashes with the police occurred in Prague and a number of arrests were made.

## CHINESE ATTACK KAIFENG AND LANFENG: JAPANESE PLANES RAID ON LOYANG

HSUCHANG, HONAN, October 29 (Central)—Chinese attacked Kaifeng on the night of October 21. Fighting took place at Tsao-tun in the suburbs. Subjected to Chinese assaults from the east and the west, the Japanese lost over 130 men.

On the night of October 18 Chinese raided Lanfeng Station on the Lunghai Railway, 27 miles east of Kaifeng. The Japanese guards were totally annihilated and the water tower at the station was destroyed. A section of the railway at Hanchwang, a village west of the station, was wrecked.

Eighty-eight bombs were dropped by 13 Japanese aircraft in a raid over Loyang yesterday morning. The enemy machines came from Yuncheng in south Shanxi.

Traffic on the Nanking-Shanghai Railway was disrupted on Friday as a result of the tearing up by Chinese guerrillas of 500 metres of rails west of Wangting, 13 miles northwest of Soochow.

Repairs were done by engineers under the protection of Japanese troops sent from Shanghai.

### FIGHTING IN SUYUAN

Supported by two field pieces, several hundred Japanese troops from Paotow attacked the Chinese entrenched at Taillang, a small town 43 miles northwest of Paotow, in southern Suiyuan.

While engaging in a frontal clash, Chinese sent troops to attack the enemy's rear. Caught in the pincer movement, the Japanese suffered over 100 casualties and lost four army lorries. Japanese reinforcements were later called in from Anpei, 59 miles northwest of Paotow.

Chungfang, on the north bank of the Sialang River, in north Hunan, was recovered by the Chinese.

### HUKWAN BESIEGED

Chinese troops have reached the immediate suburbs of Hukwan, a town about nine miles southeast of Changchih in southeast Shanxi and are firing into the town.

The Japanese were defeated in an engagement at a suburban village, sustaining heavy losses and retreated into the town.

## Pirates Again Busy In Mins And Bias Bay Areas: Three Reports: Man Hurt

PIRATE CRAFT HAVE AGAIN BEEN ACTIVE in the Mins Bay and Bias Bay areas, small fishing and cargo junks being singled out as a likely prey. Over the weekend, three reports have been made to the police of such piracies.

In all cases, an almost identical procedure was adopted by the pirates. Shots were fired, the junk boarded, and then, in all three cases reported, masts, gars and rudders were unhinged and thrown overboard.

In two of these cases, there were stated to be six men aboard the pirate junk, and in the third case seven men. The listing of arms carried, and the details of behaviour of the pirates give rise to the belief it is highly probable that the same pirate craft was responsible for two or even all three of the piracies reported.

### SHOT IN LEG

The first case, which was reported to the police yesterday, was of a piracy that occurred two weeks ago. Lau Kam-chuen, 44, who made the report, was shot in the leg and left Queen Mary Hospital only yesterday after more than a week.

His report states that the piracy occurred in the vicinity of Ping Hol, in Bias Bay, and that the pirate vessel was a three-masted junk. There was very little money aboard his own vessel, and he lost only \$10.

The pirates threw overboard the mast and oars of his junk. Wong Chui-kan, 32, who made the second report, told the police his sail was cut, and the rudder and four oars from his boat were dumped into the sea.

### WOLFRAM ORE

He lost a cargo of pigs and wolfram ore, valued at \$1,400, and managed to reach land at Lam Tong using boards from the junk as paddles. The piracy occurred off Kwo Chau, and the pirate vessel was last seen sailing in the direction of Aberdeen.

Another piracy was reported by Chung Tai-lee, who tells a story that his junk was attacked at a point two miles south-east of Mins Bay. The pirates having again picked on a poor junk, made away with only some \$15.

## Outspoken Sermon Given At Mass In Cathedral

"LIFE WITHOUT PEACE IS UNBEARABLE; PEACE WITHOUT JUSTICE IS UNATTAINABLE; AND JUSTICE, WITHOUT SOME MEASURE OF LOVE, IS UNTHINKABLE," declared the Right Rev. Mgr. H. Valtorta, Vicar-Apostolic of Hongkong, in the course of his sermon at the Solemn Pontifical Mass celebrated yesterday morning at the Catholic Cathedral on the occasion of the Feast of the Kingship of Christ.

Regarded as the most important addition to the Catholic Church calendar for many years, the Feast was instituted in 1925 for the purpose, as declared in the Encyclical Letter of the Pope, in order to give due homage to Christ, as the first-born of the human race and the ruler, by Divine right, of all men and all nations.

The Mass in the morning was attended by all devout Catholics in the Colony and was marked by the attendance of the combined choirs of the Cathedral and St. Joseph's Church.

In the course of his sermon, Bishop Valtorta said:—

At the beginning of his reign Pius XI had proposed the restoration of all things in Christ. Benedict XV had proposed the reconciliation of peace, Pius XI joined these two objectives inviting the World to seek the peace of Christ through the reign of Christ. His Holiness insists that there is only one road to the City of Peace; the road hallowed by the Prince of Peace; that Christ alone can claim to be universal King, that he alone has a code of laws and a programme of life unchanging in their perfection and unchangeable in their ideals. Let us look at the claim.

Life without peace is unbearable; peace without justice is unattainable; and justice without some measure of love is unthinkable. It seems hardly necessary to stress any of these points. Even the home ideally man's haven, his place of rest and security, ceases to merit the name home when strife robs it of peace. No need to point to the result of peace broken among nations: we have it at our doors in shattered homes, in ruined cities, in highways strewn with corpses.

### POPE'S MOTTO

But how is peace made impossible if not by ignoring the claims of justice? "Opus iustitiae pax," peace the fruit of justice! this is Continued on Page 6

## Soviet "Offensive" Against Rumania

PARIS, Oct. 29 (Reuter)—The Official French Radio commentator stated last night that certain neutral observers consider that it is possible that a Soviet "offensive" may be launched shortly against Rumania and Turkey.

Such an offensive, in their view, might be supported by German troops and air movements in the West.

The commentator added that the Nazi leaders are evidently attempting to impress on observers that, both internally and abroad, Russia and Germany are strongly linked, with their interests identical and that their collaboration in the Balkans in no way conflicted with Italian interests.

## INCREASING ACTIVITY IN NAZI LINES

PARIS, Oct. 29 (Reuter)—Military observers see discerning signs of increasing activity in the German lines which may be a prelude to another offensive similar to that of Oct. 16 and 17.

In the past few days German raiding parties have been doubled and especially so twelve miles east of Moselle and east of Sarregue Mines.

The German artillery, too, has been stronger, more widespread and more systematic.

Although bad weather prevented aerial reconnaissance it is known that extraordinary movements of German troops are going on behind the German defences.

## CREAM OF THE R.A.F. PERSONNEL IS AWAITING THE ORDER FOR ACTION

LONDON, Oct. 29 (Reuter)—If Germany's aerial might is unleashed the R.A.F. here is likely to take a smashing, and probably decisive, action in the first week against German military objectives, writes Reuter's special correspondent with the R.A.F. These may be troop concentrations, naval or air bases, or munition factories—much depends on what the Germans may invite by their own plan of campaign.

An essential element of whatever plan we adopt is that, once the order is given, no time shall be lost. It is intended that the enemy shall be so crippled in one direction or another that the initiative can be pressed home.

Ready for instant action now, if necessary, pilots and crews of squadrons at advanced positions in France and others at home, who would strike the first blow, are the cream of the R.A.F. personnel.

Until the order is given, and there is no indication that it is any nearer than it was last week, it is important that neither men nor planes shall be wasted. The inactivity of the past few weeks on the Western Front is easier to understand when regarded in that light.

Reconnaissance over the enemy lines are being continued but it is reduced to the minimum, compatible with essential information required.

## EASTERN BEAT NAVY: EIGHT GOALS SCORED IN FAST SOCCER GAME

BY "ACHILLES"

When Eastern met the Royal Navy in the First Division Soccer League yesterday at the Hongkong Football Club ground, they set up such a terrific pace of play, that one wondered how long the speed would be maintained.

The sailors, however, were up to the occasion. Combining well and passing with amazing accuracy, they played the Chinese at their speed, often defeating them in the exchanges. But this was only in the first half, at the end of which the whistle went with the score one-all.

In the second session the good training and superior wind of the Chinese team enabled them to out-play the Naval men in every department of the game. The sailors were obviously tired but sticking to the ball stubbornly, they succeeded in increasing their score by one goal just before the end, while Eastern had improved their position to the tune of six. The match ended six to two in favour of the Chinese.

Kong Sin-keng, the Eastern full-back making his first appearance for the season, proved a nasty thorn in the side of the Navy forwards. He gave Lau Hin-hon a fairly easy time in goal by his solid defence work, and his hefty clearances often meant a shot right across the field to within a few yards of the opposing defences.

Cheung Kam-hoi scored three goals, Chang Ying-kuen two and Hau Ching-to one. Chang Ying-kuen played centre-half in the first session but changed places with Hsu King-sing, right-inner, in the second. Thorburn and Phippens were the scorers for the Navy.

This victory for Eastern puts them up to second position in the First Division League. South China "A" are in the lead, with Kowloon third, while Kwong Wah.

## MIDDLESEX SURPRISINGLY DEFEATED ON SATURDAY

Contrary to the expectation of the football fans, the Middlesex XI, a stronger team than the Royal Scots, was defeated by 4 goals to 1 when the two Regiments met in a First Division Football League game played at Sookunpoo on Saturday.

Contributing much to the credit of the winning side was Hossack, Royals Scots' centre forward, who scored three goals.

The result did not truly indicate the standard of play. Though the Middlesex were beaten by such a wide margin, the game was kept very interesting from beginning to end. Middlesex's fault of not being able to come through with a better score was due to their forwards having failed to grasp the many opportunities to strike.

Much against their luck, Jackson, the Middlesex custodian, was not in good form and have made several costly errors.

Naysmith, the right back, and Munro, right wing of the Scots, played more brilliantly than ever and were largely responsible for the victory.

The following were the teams:—R. Scots:—Clarke; Naysmith, Fraser Parnaby, Falconer, Clark; Munro, Gordon, Hossack, Fleming and Gilroy.

Middlesex:—Jackson; Cooper, Sheehan; Freshwater, Parker, Wilkinson; Coomer, R. Thomas, Bright, Saw and Martrable.

#### KWONG WAH'S VICTORY

Playing at the Police ground, Boundary Street, on Saturday, Kwong Wah defeated the Club XI by a wide margin of three clear goals to nil.

It was a fast game, with both teams attacking each other unceasingly. Kwong Wah's quick tactics resulted in a goal scored through Lam Fook-chuen about 10 minutes after the opening.

The Club attempted a recovery, but were unsuccessful when Cheuk Shek-kam, centre forward, increased the score of the Chinese by a fine individual attack.

## "OLD STAGERS" KEPT THE FLAG FLYING AT THE BISLEY MEETING

### THRILLING MOMENTS IN LAST STAGES WHICH GAVE VICTORY TO H.K.

(Special to the "Hongkong Daily Press")

The following is the continuation of the special article to this paper describing Hongkong's first success in an Inter-Colonial event at the Imperial Bisley Meeting held in July 1939.

At 1.45 p.m. we assembled on the allotted firing-point, closely followed by the team from the Federated Malay States, but it was disappointing to find that the remaining three teams, who had entered for this match, failed to materialise. However, each had the chance to do so, and their non-appearance was no fault of ours.

#### 6 POINTS BEHIND

At seven minutes past two the first shot was fired. Fellow and Rybot, who, by a coincidence, had shot together last year in the "Junior Kolapore" formed our first pair, and did only moderately well, scoring 43 and 41 respectively, against our opponents 45 and 45, leaving us 6 points behind.

Then came Blandford and Mannell, who put on 42 and 47, whereas the F. M. S. could only score two 42's, giving us a lead as regards these scores, of 5 points, so that, as a team, we went back to 500 yards only one point behind our competitors.

This, of course, was a negligible advantage, for everyone knows, who has participated in these matches, that the battle is lost or won, at the longest distance, 500 yards.

#### HOPES BEGIN TO RISE

At 500 yards, our hopes began to rise. Rybot with his sighter, scored a bull and continued to do so until his ninth and tenth shots, which were inners. Fellow scored an inner for his sighter and second and fourth shots to count, so that our first pair left the firing point with two fine scores of 48 each.

Our opponents could only manage to put on a score of 49 and 45, so that on the aggregate, we not only wiped out the lead of one by the "opposition," but now led by the same narrow margin. Blandford and Mannell then took their turn, and shooting consistently well, left the firing-point with scores of 46 and 47 respectively, whereas the F. M. S. representatives could only retaliate with two scores of 46.

And so we came back to the longest, and final, distance, with a lead, in favour of Hongkong, of two points. Such a narrow margin meant, of course, that anything might happen at 600 yards, but the moral effect of such a "majority," small though it was, was incalculable.

#### 1938 "TRAGEDY"

If I may digress for a moment, I would refer to the happenings of the Hongkong team in the

#### THE LAST PHASE

The issue was never really in doubt, for only once was a magpie signalled, and the result was two good scores of 46 each. Our friends from the F. M. S. could only reply with 41 and 45, so that the last detail increased our lead by a further 6 points, leaving us the victors with a total lead of 19, our team aggregate being 545, which is interesting to note was just three points less than in the Junior Kolapore in 1938.

FOR THE FIRST TIME IN THE HISTORY OF THE COLONY, HONGKONG HAD WON ONE OF THE THREE INTER-COLONIAL EVENTS AT THE IMPERIAL MEETING.

A cable was immediately despatched to His Excellency the Governor, acquainting him of our success, and the whole team appreciated his generous reply.

The Cup is now on its way out to Government House, to be retained by His Excellency until the time comes round next year for it to be shot for again.

#### PRESENTATION

In conclusion, it only remains for me to add that, on the afternoon of the following day, Major Rybot and C. P. O. Fellow received the Cup and souvenirs at the hands of the Chairman of the H. K. R. A. Lord Cottisloe, amidst hearty and generous applause from a large audience. Members of the H. K. R. A. will thus see that the Cup was received from one of our Honorary Life Members, a unique happening in the history of the local Association.

And so, in just over four years since the inception of the H. K. R. A. our first success at the Imperial Meeting has to be recorded. May it be the forerunner of many similar successes in years to come!

#### HONGKONG HAS MADE ITS MARK

BRUSSELS, Oct. 29 (Reuter).—M. Baillet-Latour, President of the International Olympic Committee, has written to members of the International Committee sound-ing them regarding the advisability of holding the Games next year if the war is still continuing and asking their respective countries if they would send teams in the event of Finland deciding to go ahead with the Games at Helsinki.

#### U.S. OFFER

An offer was received from America to stage the Games there in the event of Finland dropping out. If the American offer is accepted the Games would probably be held in Detroit and America, Japan and other neutrals will participate.

## INDIANS GO UNDER CIVIL SERVICE AT CRICKET

Civil Service Cricket Club beat Indian Recreation Club by seven wickets at the Valley on Saturday to give further and more convincing indication of the fact they will be a force to be reckoned with in League Cricket this season.

A. H. Madar (24), A. E. Rum (22), and M. P. Madar (17 not out) made the major contributions to the I. R. C. total of 92. D. McLellan taking 4 wickets for 52 runs and N. B. Whitley five for 25.

Civil Service easily passed the 1st R. C. innings total with seven wickets in hand, J. E. Richardson and W. E. Colledge carrying their bats for 57 and 53 runs respectively. The C. S. C. C. declared at 131 runs for 3 wickets.

#### UNIVERSITY MAKE BID

At Pokfulam, University entertained the Senior League Champions, Club de Recreo, to some very lively cricket, and played convincingly in support of their claim to promotion to First Division.

A. M. Rodrigues, a graduate, saved the day for Recreo with an undefeated captain's innings of 69, or it would have been a very poor day indeed for the Portuguese.

University opened with an innings of 110, L. T. Ride contributing 25 and C. N. Matthews 27. A. P. Pereira was again in form to take four wickets for 38 runs, and G. Góssano three for 11.

Recreo replied with 136, to win by three wickets, R. Singh taking four for 38 and G. Hong Choy five for 27.

#### CRAIGENGOWER BEATEN

Kowloon Cricket Club beat Craigengower Cricket Club by 82 runs at the Valley. Responsible in the main for the K. C. C. victory were N. D. Lloyd who took seven Craigengower wickets for 29 runs to return the best bowling feat of the day and two Craigengower players of last year, A. Zimmern who managed 48 against his old Club and D. Hung who did even better with a contribution of 64.

Kowloon scored 183 for 8 wickets declared, to which Craigengower could reply only with 101.

F. R. Zimmern took three Kowloon wickets for 40 runs, while another notable inclusion in the Craigengower side was A. J. Hulke, who knocked up 14 runs and took one wicket for 15, and who will certainly do better if he turns out regularly. E. Zimmern scored 33 for Craigengower.

#### KOWLOON JUNIORS WIN

At Cox's Path, Kowloon Cricket Club juniors beat Craigengower C. C. juniors by 34 runs. K. C. C. 2nd XI 113 (G. Winch 4 for 43, C. W. Lam 4 for 25), C. C. C. 2nd XI 79 (J. Mills 6 for 23, R. Bayldwin 4 for 32).

#### ROYAL NAVY LOSE

At King's Park Club de Recreo 2nd XI beat a scratch Royal Navy XI by 4 wickets. Royal Navy 64.

A 20th Century-Fox Picture

## CURRENT FILMS

**QUEEN'S** - Lucky Night (MGM). Robert Taylor and Myrna Loy are cast together for the first time in the same picture, which is a romantic comedy of New York's gay life. Adequate week-end entertainment.

**KING'S** - Good Girls Go To Paris (Columbia). Highly entertaining feature of a pert and pretty black-maller with a conscience. Joan Blondell and Walter Connolly are good. Melvyn Douglas plays the part of a professor of Greek.

**ORIENTAL** - Pacific Liner (RKO). Tense and exciting drama of the unknown perils of the sea. With Victor McLaglen, Chester Morris and Wendy Barrie.

**CATHAY** - Kentucky (20th Century-Fox). Romance and racing in the American South. The acting of Loretta Young and Richard Greene is excellent; and the story, although occasionally heavy-handed, has varied human appeal as well as the racing scenes. Good entertainment.

**ALHAMBRA** - The Sun Never Sets (Universal). Douglas Fairbanks, Jr., and Basil Rathbone keep the Union Jack flying against overwhelming odds. Strong stuff, but

### HINDU IDOL'S LAWSUIT

After 20 years litigation, a Hindu idol failed before the Judicial Committee of the Privy Council, to establish a claim to property in the neighbourhood of Calcutta.

Two Hindu brothers set up a female domestic deity and, finding that their business prospered thereafter, they bought property, and in 1888 executed a deed of dedication of the property to the idol.

After their deaths some of their dependants entered into an arrangement for partition of the property, and the idol brought an action in the Bengal Court claiming absolute possession.

The High Court of Bengal decided that the deed effectively dedicated to the idol only part of the property and that, in respect of the rest, there was only a charge for the upkeep and worship and expenses of the idol.

Against this decision the idol appealing, but their Lordships decided that the decision of the Bengal Court was right, and the idol's petition was dismissed.

## SAILORS' APPRECIATION OF HOME LIFE

### Appeal For Better Social Amenities At Seafarers' Service Yesterday

The important part being played by men of the Royal Navy, the Merchant Navy, the Naval Reserves and Volunteers, in the Empire's fight against brute force and injustice, was emphasized by the Rev. C. Strong, of the Seaman's Institute, in his address at the Annual Seafarers' Service at St. John's Cathedral yesterday morning, when an earnest appeal was made to the people of Hongkong, particularly during these days, to invite sailors to their homes whenever they had the opportunity.

"Most of the work of the Seaman's Institute must necessarily be done in the evenings, and there is nothing a sailor appreciates more than an invitation to join in a family circle," said the Rev. Mr. Strong. "But it is extremely difficult to provide that atmosphere in an institution such as ours with public rooms. I shall be glad to know of any people in the Colony who would be willing to entertain lads in batches of two's and three's."

"And one more appeal to you," he added. "Do please let us have all your old magazines and books. We have never got enough."

#### NEED FOR VARIETY

Shipboard life, even in normal times, lacked the variety in which landmen found relief, he said. The sailor could not choose his friends except within the limits of the crew, nor could he vary the monotony of his food during a voyage. There was for him no home-coming after a day of toil, no face of wife or child for many months and sometimes years, and no friendly contact with good women in the intervals of his work.

#### REPRESENTED INSTINCTS

When his ship berthed in harbour, and the cramped muscles of an active man relaxed on shore, there was an inevitable rush to the surface of instincts that had been over-repressed.

"The crime of it is to leave a man so abruptly released to fight his battles alone," he added.

The Rev. Mr. Strong then went on to say that the missions to

seamen were active in 100 far-flung ports of the world, endeavouring to provide both social and spiritual amenities for sailors when they stepped ashore from the ships. To do mission work properly the missions were dependent on men and women of goodwill for support.

Quoting Mr. Chamberlain, he said that, in the words of the Prime Minister: "We are fighting against brute force, bad faith, injustice, oppression and persecution, and against them I am certain right will prevail."

#### NOT SPECTATORS

British seamen were not spectators, but actors in this drama and undoubtedly one of the best ways in which appreciation of sailors' men could be expressed was by making sure that when they arrived at a distant port they might find a friendly welcome awaiting them.

The service was conducted by the Very Rev. the Dean of Hongkong and the prayers were said by the Rev. J. A. Rose, Capt. Kirby, Secretary of the Mercantile Officers' Guild, read the first lesson and H.E. the Governor. Sir Geoffrey Northcote, the second.

#### ATTENDANCE

Among those present in church were, in addition to H.E. the Governor, H.E. Sir Percy Noble and Lady Noble, H.E. Brigadier McLeod, Acting G.O.C. Troops in China, Comdr. J. Petrie and the officers of H.M.S. Cornflower, Commander Peters, Lady McGregor, Mr. Justice and Mrs. R. E. Lind-sell and a large number of officers, warrant officers of the Royal Navy, Merchant Navy and Naval Reserve.

A batch of Deep Sea Scouts were also in church which was crowded to capacity, hardly a seat being available.

The total collection of \$225 is for the Seamen's Mission.

nation of the war, the con-  
clusion of the Turkish treaty  
and, finally, the advantage  
gained by the Allies as a re-  
sult of the passing of the  
amended American Neutrality  
Act are all factors which  
bring closer the decisive trial  
of military strength between  
Germany, Great Britain and  
France.

TO DATE, the most active  
theatre of war has been the  
sea. Germany has sunk  
much merchant tonnage and  
two first class British war-  
ships. The British navy has  
instituted a system of block-  
ade and contraband control  
which ensures that no sup-  
plies will reach German ports  
and, in addition, has destroyed  
a number of submarines  
and seized a certain amount  
of enemy shipping.

ON THE WESTERN FRONT,  
there has been no major  
activity, and the demobiliza-  
tion of several sections of  
French man-power suggests  
that none is expected in the  
near future. In the air, too,  
neither side has shown its  
strength.

NAZI DIPLOMACY and  
propaganda has long striven  
to drive a wedge between  
Britain and France, repre-  
senting London as the main  
culprit of the policy of "en-  
circlement" and France as not  
only a dupe of British policy  
but also the battlefield on  
which the struggle for the  
aims of this policy must take

place. The logical military  
corollary of this reasoning is  
to make things as difficult  
as possible for England and as  
easy as possible for France—  
in other words, to make  
Britain bear the full brunt of  
the German attack.

SUCH EXPERIENCED and  
well-informed commentators  
as J. L. Garvin believe that  
this attack will be launched  
soon. They expect it to as-  
sume the form of great mass  
air raids, such as were pre-  
dicted in all imaginative ac-  
counts of "the future war"  
before the war actually be-  
gan. There is talk even of  
an invasion of the British  
Isles by German land forces.  
The blow from the air is an  
ever present menace. The  
invasion is, at present, a  
fantastic improbability.

TO MAKE ACTION against  
England really effective, while  
at the same time increasing  
the military threat to France,  
the Germans must have bases  
more profitably situated, geo-  
graphically, than those they  
at present possess. The dan-  
ger of a Nazi march through  
the Low Countries, tradition-  
ally the key to both British  
and French security, is con-  
stantly growing.

THERE IS NO CON-  
CLUSIVE EVIDENCE yet that  
Hitler will really embark on  
this course. He can have no  
illusions concerning the in-  
sufficiency of mere air bomb-  
ing to break the resistance of  
a whole people and the limited  
vulnerability, from the air,  
of a gigantic imperial system  
bound together by sea-routes  
protected by the world's most  
formidable aggression of  
naval power. The productive  
capacity of his airplane fac-  
tories is not in excess of those  
of England, and his fuel re-  
serves are certainly far less.  
Moreover, Britain's ability to  
replace losses of equipment,  
raw material and industrial  
plant, is greater than Ger-  
many's.

SHOULD THE REICH re-  
sort to the "knockout blow"  
type of attack, there will be  
nothing to stop the total war  
which has been so freely pre-  
dicted, and so terribly feared,  
from engulfing Western Eu-  
rope. The slaughter will be  
protracted and horrible, and  
unless the foundations of a  
new and juster order in  
human affairs are laid in the  
process, there will be, in the  
real sense, no victors—just  
as there were no victors at the  
end of the last war and during  
the years of travail which  
followed.

"Get Ready"  
HITLER STAKES  
ALL ON OLD  
THEORY

LONDON, Oct. 29 (Reuter)—In  
an article in the "Observer" with  
heavily loaded heading, "Get  
Ready," Mr. J. L. Garvin declares  
that undoubtedly the next German  
plan is to concentrate absolutely  
against Britain by sea and air  
simultaneously and unprecedented  
pressure on neutrals.

While some of the horri-  
ble threats, which are now filling  
the German press, must be regarded  
as fantastic, says Mr. Garvin,  
there must be fuel of some kind  
behind this extent of smoke.

Herr Hitler and Field-Marshal  
Goering stake all on the old theory  
of a knock-out blow by a direct  
attack on Britain's vitals, namely  
her naval bases, shipyards, har-  
bours, air factories, chief industrial  
centres and key points of trans-  
port; in other words, the real war  
will be just what we expected at  
the beginning.

WE SHALL SEE

The most cheered sentence in  
Hitler's Reichstag speech was  
"there are no longer islands." We  
shall see what that means, declares  
Mr. Garvin.

In the British Government's cool  
judgment, this country is well able  
to bear the brunt of a national  
battle against overhead invasion.  
If after that, the absolute air  
supremacy we require is rapidly  
created by the mightiest industrial  
effort we had ever yet made in a

Paddy "The Wanderer"  
Dies In Wellington

The Most Famous Dog In The  
Antipodes And Its Life Story

There died in Wellington this  
winter of old age and sickness dur-  
ing a prolonged spell of bitter  
weather a dog, Paddy the Wanderer,  
as famous in his own way through-  
out the Dominion as the dolphin,  
Pelorus Jack, who for years met and  
accompanied New Zealand coastal  
steamers through French Pass on  
their voyages to and from Nelson in  
the South Island and who was pro-  
tected by special Act of Parliament  
as a prodigy of the sea.

Paddy, a big Alredale-Irish terrier  
cross, was given his name of  
"Wanderer" by his friends on the  
waterfront of Wellington—seamen,  
wharf labourers and taximen—be-  
cause of his strange habit, when-  
ever it took his fancy, of travel-  
ling by sea or land on any boat  
or vehicle of which he approved.

So far as is known he never  
sailed on any ocean tramp or cargo  
liner, but seemed to choose in-  
stinctively vessels on New Zealand  
or Australian articles. Similarly  
for his overland trips it is said  
that he always preferred the cars  
of his friends the taxi-drivers.  
Wherever he went—and he went  
all over the North Island and visit-  
ed the ports of the South, and  
twice, even voyaged as far as  
Sydney—he was always welcome.  
A grave, sedate dog, standing on  
his dignity with strangers, but un-  
bending among his friends.

He was the first dog to fly in New  
Zealand, and he stepped aboard  
the aeroplane a passenger with his  
fare fully paid by his friends the  
taximen. In the ten or eleven  
years of his travels, wherever they  
were he always returned to Well-  
ington. It was not that he had owner  
or master here, or even a regular  
home. It was Paddy's peculiar title  
to fame that he lived independ-  
ently as the guest of the community  
of transport workers on sea and  
land, with Wellington as his head-  
quarters and home port.

HIS STORY

Some years ago, as an apparent  
wall and stray, he fell into  
the clutches of the municipal dog-  
catcher. He was about to meet  
the usual fate of unregistered, un-  
claimed dogs when the taximen  
heard of his whereabouts and club-  
bed together to save him by pay-  
ing his licence fee.

But Paddy did not forget the  
dog-catcher, and left his bene-  
factors for a long sea voyage, to  
return only when he felt the coast  
was clear. It was after this that  
he became known to the general  
public through the local newspaper,  
which regularly gave him personal  
paragraphs on his return to Well-  
ington from a trip like any pro-  
minent citizen.

short time, this war will not last  
three years.

Instead, we shall come in  
sight of true peace and the  
world's deliverance within  
three months. With the aid  
of the Empire, especially  
Canada, and what the "un-  
fettered neutrality" of the  
United States may supply, it  
can, and must, be done.

A similar line was taken by Mr.  
J. A. Sponder in an article given  
prominence by the "Sunday  
Times." He says that with the  
intimation we now have that Ger-  
man fury will be concentrated on  
Britain we may expect some an-  
xious moments in the near future.  
But the success hitherto, in des-  
troying submarines and countering  
attacks from the air on shipping,  
justify our confidence that again  
we shall win through.

SERMON ON  
PEACE

Continued from Page 1

the motto of the reigning Pontiff  
Pius XII. He who seeks his own  
profit, his own pleasure, who would  
always satisfy his own whims with-  
out any consideration for the legiti-  
mate rights and reasonable de-  
mands of others offends against  
justice; ultimately he must disturb  
peace.

Long ago, face to face with  
Christ, who, yet paid tribute to His  
innocence, asked Him what was  
truth. He would not wait for the  
answer. For centuries the World  
has been asking the philosophers  
and its leaders the question. They  
answer differently. To-day she will  
follow one of them, to-morrow  
she will run after his opponent.  
She has not found truth, because  
like Pilate, she shrugs her shoul-  
ders, will not listen to the answer  
of Christ, but goes out to hear what  
the crowd have to say.

THE SECOND CLAIM

Surely a thinking man must be  
impressed by the fact that, through-  
out the long line of Popes who  
claimed to be the viceregents of  
Christ in the visible Kingdom of  
Christ, not one has changed a syl-  
lable of the truth which his pre-  
decessors claimed to be the truth of  
Christ. A Leo XIII or Pius XI has  
only to make a synthesis of it. This  
is unique in the story of thought  
among men. It brings us to the  
second claim of the Kingship of  
Christ.

We want a programme of laws  
that meet humanity's needs. It must  
be easy to understand, easy to  
state. Christ's code is such: "Love  
God above all things, and love your  
neighbour as yourself." In this  
short word He assures us is con-  
tained all the law and the proph-  
ets. The application in detail is  
clear.

When all want peace, when ad-  
mittedly the World Councils have  
failed to give it; when, at least at  
certain solemn moments, as on the  
occasion of the death of the Pope  
who pleaded for the universal re-  
cognition of Christ the King, the  
world acknowledges the nobility of  
the ideals and the sincerity of the  
aims, we may well ask why will not  
men try them? Must our answer  
be that they are too noble?

To secure peace they demand  
warfare but war, not against our  
neighbour but against ourselves.  
For the neighbour in the Kingdom  
of Christ is expected patience,  
sympathy, helpfulness, love that  
will even "embrace our enemies,  
and make us pray for those who  
calumniate and persecuted us."

History can offer one figure, and  
one alone, who is competent by His  
teaching to win the respect of all  
men, irrespective of race and sur-  
roundings: Jesus Christ: History  
can offer but one Leader with a  
Heart full of love for all men, and  
capable of filling their hearts:  
Jesus Christ: History can offer  
only social Guide whose influence  
can hallow the whole activity of  
man: Jesus Christ.

Let an individual, accept Him  
fully, we have a St. Paul, a St.  
Francis of Assisi, a St. Francis  
Xavier, a Damien for the out-cast  
lepers. Let the family accept Him  
and He establishes its unity and its  
grandeur in the unbreakable unity  
founded on Christian marriage.  
Let the State accept Him and it  
has a real foundation for its au-  
thority, a sanction, far above polit-  
ical creeds, for its laws.

Let the human race accept Him,  
accept Christ the King, the World  
has become at once much more  
than international: men have be-  
come all members of the mystical  
body of Christ. They will clasp  
their hands no longer in despair  
at their mutual hatred, they will  
all clasp their hands in the same  
way, in the same prayer: "Our  
Father: Thy Kingdom come: Thy  
will be done."

Such at any rate, my dearly be-  
loved brethren, is the idea of the  
Kingship of Christ.

SOLENN PROCESSION

In the afternoon, the Cathedral  
compound was the scene of the  
Solemn Procession of the Blessed  
Sacrament. The entire Catholic  
clergy of the Colony were present,  
as well as representatives of all re-  
ligious sodalities. Special music  
was rendered by the band of the  
Aberdeen Industrial School under  
the direction of the Brothers of  
the Salesian Order.

Hello & Goodbye

(BY A. W. HYER)

Several new entertainment artists arrived in the Colony during the past week-end from the south. Two of them, dancers and songsters, are playing on the boards at the Hongkong Hotel and the other two, equally versatile, will be seen during the month of November at the Gloucester Hotel. The winter entertainment season here is going ahead with a bang!

Two large American pas-  
senger steamers let loose a  
horde of visitors on our town  
over the week-end. Hotels  
and shops took a new lease  
on life with the added ac-  
tivity.

Imperial Airways inward week-  
end service from Bangkok has  
been held up twenty-four hours  
because of connections in the  
south. The plane is reported ar-  
riving at Kai Tak this afternoon  
with passengers and mail from all  
Empire route ports.

Imperial Airways:

CAPTAIN A. B. DYKES was off  
for Bangkok on Sunday at 7  
a.m. in the Delphinus.

Miss M. F. Wadia, flying home  
to Karachi, is concluding an in-  
teresting and quite exciting trip  
round the world. This lady re-  
cently arrived here via the Philip-  
pine Clipper, completing a splen-  
did flight across the Pacific Ocean.

Captain L. J. M. White, a mem-  
ber of Imperial Airways' flying  
staff and well-known in the  
Colony after two years duty on  
the Hongkong to Bangkok route  
of his company, departed for Lon-  
don by the Sunday service. This  
flying gentleman is planning on  
turning his record with Imperial  
Airways and taking over new  
duties in the fighting forces of  
the R.A.F. in London.

The other passenger on the  
service was a Chinese gentleman,  
name not divulged.

Mail kilos, for all Empire ports,  
totalled 200.

The R.M.A. Della has landed  
safely at Kai Tak after a hazar-  
dous journey from Kwanchewan.  
The Della of Imperial Airways met  
with an accident in Port Bayard  
several weeks ago when about to  
take-off. Repairs to the craft will  
be made at Kai Tak by company  
engineers.

Steamer Traffic:

THE TRANS-PACIFIC American  
steamer calling at this port  
during the week-end deposited  
many visitors. The most out-  
standing, Mrs. Anita House, for-  
merly Anita Page, of motion picture  
fame, made a short stop-over here  
en route to Manila and her Naval  
officer husband, Mrs. House, in-  
terested in family life, considers  
her movie days as just memories:  
she was concentrating on one  
subject—seeing her husband, who  
is one of the aviators flying in the  
squadron of U.S. Naval bombers  
which recently arrived in the  
south from America on a tour of  
Asiatic duty.

Mrs. S. L. LaHache, Wife of  
Commander LaHache, U.S.N., and  
in charge of the bomber squadron,  
was also most anxious to join her

husband in Manila. Naturally,  
both of these women were happy  
over the successful trip and ar-  
rival of the fourteen fighting craft  
from San Diego.

Mr. and Mrs. E. F. J. Fee, mem-  
bers of the Standard Vacuum Oil  
Co.'s Far Eastern clan, are re-  
turning to duties in the company's  
offices.

Back to Bombay is sailing and  
flying Mr. Harvey C. Wyant, an  
outstanding engineer and man-  
aging at Kai Tak this afternoon  
of the X-Ray Engineering  
Section for General Electric in In-  
dia. This traveller arrived on the  
American steamer and is expect-  
ing to use Imperial Airways to  
continue south to his offices.

The Reverend Fathers James  
O'Day, Joseph Regan and Arthur  
Dempsey, connected with the  
Maryknoll Mission, have arrived  
from America to take over duties  
here in the Order's quarters. They  
were certainly given a sincere  
and warm greeting by associate  
brethren.

Mr. L. N. Johnson, a member of  
the National City Bank of New  
York, returned to Hongkong. This  
gentleman was also the recipient  
of many cheerful hellos.

A very, very early morning hour  
was the departure time for the  
American commercial steamer to  
get under way for a call in the  
south.

Mr. D. Ritchie, of the Asiatic  
Petroleum Co., was supposed to  
make the ship. He travels south  
to Manila on company business.

Another well-known business  
executive taking the early morn-  
ing steamer to Manila was Mr. F.  
S. Fairman, of Dodge and Sey-  
mour, Ltd. This trip is routine  
inspection.

Miss R. Beckley and Miss B.  
Cooman, two attractive American  
girls, are on a grand holiday. Both  
of these travellers have left their  
respective desks in the American  
Embassy's offices in Tokyo, and  
are out to see what else the Far  
East has to offer in the way of  
Hongkong, Manila and Shanghai.

Journeymen to Hongkong by one  
of the American Round-the-World  
steamers, which stopped over in the  
harbour this past week-end, were  
Mr. and Mrs. G. H. Lynott, con-  
nected with the American Bank  
Note Co. in Shanghai. It is some  
months since these very nice re-  
sidents of the north have visited  
their many friends and business  
acquaintances in Hongkong.

There were quite a few people  
to welcome Mr. E. T. Wang, Mr.  
Roland Wang and the Misses  
Marion and Julia Wang. Every-  
one was speaking at once, every-  
one was very happy and jubilant  
excitement took possession of the  
travellers and their greeting  
friends as the American steamer  
docked.

Anglo - French  
Co - Operation

EXCHANGE OF VIEWS  
ON BLOCKADE

PARIS, Oct. 29 (Reuter)—Close  
co-operation and exchange of views  
between Britain and France on  
the blockade is emphasised by the  
French Minister of Blockade.

The Allies are anxious to facili-  
tate provisioning for neutral popu-  
lations and the maintaining of  
their industrial activity.

The Allies are thus justified in  
asking for a guarantee that this  
shall not profit the enemy even  
partially.

NEUTRAL VIEWS

PARIS, Oct. 29 (Reuter)—Neutral  
countries are now making clear  
the distinction between the legiti-  
mate British blockade and the  
proposed Nazi continental blockade.  
The Norwegian press says to-day  
that a continental blockade only  
means that European countries  
will be excluded from the vast  
trade of the four continents. Any  
continental blockade, other than  
that of the British blockade, seems  
uncalled for. It will not serve the  
interests of peace or economics.

The Humanian paper says  
that belligerent countries and  
great naval power, like Britain,  
will do all that is possible to  
avoid obstructing neutral trade.

LINGNAN ALUMNI  
FOREGATHER

FIRST MEETING OF  
ASSCN. A SUCCESS

The Lingnan University Alumni  
Association met at the Cafe Wind-  
sor last night for the first of what,  
it is hoped, will be a series of  
monthly social gatherings.

More than 300 alumni sat down  
to dinner, and remained later in  
the evening for a programme of  
entertainment that included group  
singing and a one-act play, and  
concluded with dancing.

ENTERTAINING PLAY

The play, about a diamond mer-  
chant who was tricked by a schem-  
ing young woman out of a dia-  
mond, was ably presented by a  
cast of three, Miss Emily Ko, Mr.  
Lei Muk-lung and Mr. Mok Wai-  
ying, who succeeded in keeping the  
audience in a very merry state with  
a stream of witty dialogue.

A talk was given also before the  
gathering by Mr. Chin Shui-fan, a  
noted lawyer and an old alumnus,  
who related his impressions of life  
in the interior, where he was an  
adviser to the Kwangtung Provin-  
cial Government.

Mr. Chin was appointed recently  
to visit as an ambassador of good-  
will Chinese communities in North  
and South America, and he will be  
leaving in the very near future on  
this mission.

# LATEST PRODUCT OF NAZI INGENUITY: INVASION OF ENGLAND ANNOUNCED!

## 3,000 Bombers To Lay Waste Britain!

LONDON, Oct. 28 (Reuter).—The latest product of Nazi ingenuity in keeping the allies guessing is a report of the coming invasion of England.

A double barrier of mines would be laid in the North Sea through which a German fleet of transports would steam securely while Storm Troops and engineers were dropped in Britain by parachute to destroy bridges, railways, munitions works and power stations.

Another story is that Hitler is assembling 3,000 bombers to lay waste Britain.

## ARK ROYAL WAS NOT DAMAGED

### NAZI ALLEGATIONS PROVED UNTRUE

LONDON, Oct. 29 (Reuter).—A sailor from a British warship has confirmed that the Ark Royal is not damaged. He said that after going to the rescue of a British submarine, the main fleet came up. The Ark Royal was with the fleet.

Twenty German bombers came over and tried hard to get near the Ark Royal, but their nearest bombs fell hundreds of yards away.

He reaffirmed that there was no truth in the Nazi allegations about the damage to the Ark Royal.

In addition to men between 49 and 50 the French Government is demobilising fathers of more than two children, says Reuter.

Eschewing fairy tales, military critics emphasise that advanced air bases would be indispensable for successful air attacks on Britain. The distance from Germany to Britain is too great for fighters, without the protection of which bombers are practically at the mercy of the defence.

Hence the persistent belief that the Germans will invade Holland.

PLANS IN THE SAAR  
French observers say that the chief weight of the German concentration is all on the Saar. At some points the German and French lines are almost touching. Elsewhere, between the Rhine and the Moselle, they are as much as two miles apart, and here ceaseless reconnaissances continue.

## NAZIS THANK THE SOVIET

BERLIN, Oct. 29 (Reuter).—Herr Bohle, Secretary of State to the Foreign Office, has conveyed the German Government's thanks to M. Shkvarzef, the Soviet Ambassador, for "friendly assistance rendered by the Soviet authorities to German seamen and civilians who returned to Germany through Soviet territory," says the News Agency.

## CHRISTIAN CRUSADE

### NAZI DOCTRINES ARE ANTITHESIS OF GOSPEL

OTTAWA, Oct. 28 (Reuter).—The Canadian Premier, Mr. Mackenzie King, delivered a broadcast address to-day on the issues of the present war. The war, he said, was a crusade to save Christian civilisation.

DEFENDERS OF FAITH  
Those who were joining the armed forces were first and foremost Defenders of the Faith.

The Nazi doctrines were the very anti-thesis of the Christian Gospel.

A few years ago, the Premier concluded, no one would have thought that Canada would go to war, but he believed that Canadian men and women had come to see that only by destroying Nazism could the other nations continue to enjoy liberty.

It is doubtful whether two years ago the Canadian people could have been persuaded to participate in another European war, declared Mr. Mackenzie King.

### TERRIBLE AGE

He said that nobody had been more anxious than he to prevent Canada being drawn into the maelstrom of a European conflict, but contrary to all his wishes, he was convinced that only by the destruction of Nazism and resistance to ruthless aggression could the nations of the British Commonwealth continue to enjoy their liberties under the British Crown and the world itself be spared the descent into a new and terrible age of barbarism.

"Forces are loosed on the world which, if not subdued, would sooner or later be at our very doors."

"The time has come to save Christian civilisation. We must be prepared to lay down our lives for its preservation."

## INTERNATIONAL BOWLS UPSET

### Switzerland To Meet Scotland In Final

Switzerland upset England in the semi-final round of the Gutierrez International Shield Competition at Kowloon Bowling Green Club yesterday to win 74-18.

With L. Gaddi (No. 2) and J. S. Landolt (No. 3) touching top form, the Swiss took an early lead and were 10 shots up on the fourth end. England then scored a single and a two, and the Swiss replied with a four to lead 14-3 on the seventh head.

### SIX FOR BRADBURY

At the 15th head Switzerland had increased this lead to show 20-8 on the score-board. England then put up a struggle, and with a six for Bradbury's men on the next end, followed by a three and two singles, came up to within a point of the Swiss total.

On the 20th head, however, Rosset pulled the Swiss through for a three, and the last head, played in near complete darkness, was a one for the winners.

### INDIA BEATEN

In the other semi-final match, India could not come up to the standard of Scotland, and lost 21-16. The Scottish side took the lead from the start and were never challenged, leading 16-8 on the 11th head, 20-11 on the 17th head, and 21-16 on the last head, after India had scored three and one on the last two heads.

The results:—Switzerland: W. Naeff, L. Gaddi, J. S. Landolt, and C. S. Rosset (skip) beat England: S. Randle, F. Goodwin, A. J. Hall, and B. W. Bradbury (skip) 24-18.

Scotland: J. C. Chalmers, W. L. Walker, J. C. S. Fender, and A. M. Holland (skip) beat India: J. Hooper, A. M. Omar, A. K. Minu and U. M. Omar (skip) 21-16.

Lin Fa-li, Chairman of the Chinese General Chamber of Commerce in Formosa, was strangled to death in prison early this month. Lin, a native of Foochow, was arrested in October, 1937 on charge of complicity in anti-traitor activities, and had been imprisoned since then. (Central News).

## German Press Attack On Belgium

### A WARNING TO NEUTRALS?

LONDON, Oct. 28 (Reuter).—A violent campaign against Belgium is raging in the Nazi German press.

The "Voelkischer Beobachter" alleges a breach of Belgian neutrality because of references to Germany in the Belgian press which the Nazis dislike.

Belgium, in her turn, has protested to Germany against the torpedoing of a 2,200-ton Belgian vessel by a U-boat.

### DIFFICULT TASK

BRUSSELS, Oct. 29 (Reuter).—The Belgian Foreign Minister, in a broadcast to the nation, dealt with the German attacks on Belgian neutrality, and said it was the desire of Belgium to remain completely outside the conflict.

Some people, he said, did not seem to realise the difficulty of the task. He asked all Belgians to avoid any misguided acts which might precipitate a crisis.

## Goalkeeper Rendered Unconscious

### SMALL BALL MATCH FOR CHARITY

Hundreds of spectators turned up to watch the charity small ball match between Macao and the Hongkong Chinese team at the Southern playground yesterday, when the visitors shared four goals with the home team.

An unfortunate accident occurred shortly after the commencement of play, resulting in the local goalkeeper, Lo Kwai-chuen, being carried off the field. Lo, in an attempt to save, collided with a Macao forward. Lo was rendered unconscious and his place was taken by Cheung Moon-ming.

Several good opportunities were wasted, when the Macao right wing shot wide from close range.

### A PENALTY

After ten minutes of play, a penalty was awarded to the visitors, who scored through Tang Man-yuen. The home team equalised through Tam Chun-fai within a few minutes.

The Macao team increased their lead through Tang who made no mistake. The Hongkong team pressed for some time before they could equalise through Tam.

The teams were:

MACAO: Lau Tek-ching; Cheung Say-yan, Leung Chun-ping; Wu Shing-ping; Ip Po-tho, Lau Chung-kwan and Tang Man-yuen.

HONGKONG CHINESE: Cheung Moon-ming; Wong Chun-fook, Leung Pak-wai; Tam Chun-fai; Kwok Ying-kee, Lo Tau-man and Chu Kam-sing.

## Y.M.C.A. LADIES GIVE A CONVINCING DISPLAY

## Central British Trowned By Three Goals To Nil

The Y.M.C.A. Ladies gave a very convincing display in their first big game of the season against the Central British Association Ladies at King's Park on Saturday, and gave more than ample proof of the fact they will be a hard team to beat. The Y's Ladies won by three-nil.

"Y" Ladies were continual on the attack, and only the whole-hearted effort of the C.B.A. defence kept the score down. Mrs. Wilmot and Miss Parsons took the brunt of the "Y" attack, but the splendid work in this connection of Miss Everest and Miss I. Woolley also deserves mention.

Andrew's Ladies' 1st XI were beaten 4-0 by the Royal Corps of Signals.

"Y" JUNIORS BEATEN  
Central British School defeated "Y" Ladies' juniors by six goals to one, the goals being netted for C.B.S. by Misses Moss, Sissons, J. Bradbury (2), Watson and Shand. "Y" scored through Miss Buchanan.

### D.G.S. DISPUTE

A dispute between the referee and the Diocesan Girls' School led to the abandonment of the game between Recreio Juniors and D.G.S. shortly before full time. The score was one-all.

## Y'S WIN AGAINST GUNNERS

In a hard-hitting game that saw a fairly even distribution of play, the Y.M.C.A. beat the 8th Heavy Regt., R.A., at hockey by two goals to nil at King's Park on Saturday. The "Y" were well-served by Jordan and Yourleff, their full-backs, and by Benwell in goal, whose able work in defence kept the Gunners from scoring on more than one occasion.

FOWLER SCORES BOTH  
In the forward line Ernie Fowler played a good game and scored both goals. Dunne at left-wing made some good runs. The Gunners' forwards were slightly less strong as a combination, but Marshall and Anderson gave good displays.

LT. Hook did not have a very happy day at pivot, but Dilnot, Carter and Masara Singh proved a very good defence. Both goals were scored in the first half. The teams: 8th Heavy Regt., R.A.: L/Bdr. Smith; Hav. Hazara Singh; Sgt. Carter; Sgt. Dilnot, Lt. Hook; Hav. Sardara Singh; Bdr. Anderson, L/Nk. Manna Singh; Subedar Tara Singh, Gnr. Marshall, and Gnr. Shingara Singh.

C.B.A.: Miss C. Minot; Mrs. E. Strange, Mrs. Stone; Miss M. McCaw, Miss K. M. Pocock, Mrs. Starbuck; Mrs. Burnett, Mrs. B. Harker; Miss D. McCaw; Mrs. S. Gardner, and Miss O. Pocock.

H.K. LADIES' WIN  
Hongkong Ladies' 1st XI beat Recreio Ladies' 1st XI by two goals to nil at King's Park on Saturday, Mrs. Dalziel scoring both goals. St.

## Thrilling Air Battle Over Scotland: Nazi Plane Forced Down

LONDON, Oct. 29 (Reuter).—Thrilling accounts of the German attempts to reconnaissance over the Firth of Forth this morning have now come to hand.

A German plane was forced down near a tiny village, not far from Dalkeith after what was described as a grim contest. Two of its crew of four were dead and the third injured. The pilot was not hurt.

## ROYAL AIR FORCE

Continued from Page 1.

### AMERICAN TRIBUTE

PARIS, Oct. 29 (Reuter).—Tribute is paid the Royal Air Force in France by an American correspondent who commented on the high morale of the officers and men. He said: "They, and not their machines, will win the day."

He added that Nazi pilots, perhaps due to their hasty training, is no match for our own and recalled the occasion recently when five British reconnaissance planes were attacked by a superior number of German aircraft.

The R.A.F. machines managed to bring down four enemy craft and then continued for their objective. On their return flight they managed to out-manoeuvre the enemy and reached home safely.

"Such incidents like these speak volumes," the correspondent added.

A French report also spoke highly of the morale of the French Air Force. Two hundred are daily offering themselves at the air force recruiting office as pilots and mechanics.

France is now having 300,000 men working in aircraft factories.

Since the beginning of the war France has lost eight pursuits against a German total of 24. Two-hundred-and-fifty reconnaissance flights were made in the daytime and 70 at night. No bombs were dropped.

## CONSULTATIONS IN BUCHAREST

## Dr. Benes Acclaimed

### CZECHOSLOVAKIA "LIVES ON"

LONDON, Oct. 29 (Reuter).—"Czechoslovakia lives on," declares Dr. Eduard Benes, when he was enthusiastically acclaimed the leader at the Independence Day celebration in London.

Dr. Benes was almost overcome with emotion with M. Jan Masaryk, former Czechoslovak Minister to London, called him their leader.

M. Masaryk declared that the ideal of his countrymen was to free Czechoslovakia in a free Europe, an ideal for which they were willing to live, work and die. M. Masaryk asked the Allies to allow them to form an organization to collect and equip their youngsters which wanted to fight.

# ACCIDENT AND PROTEST IN SOFTBALL LEAGUE

## Liga Register Biggest Upset Of The Day

AN UNFORTUNATE ACCIDENT AND A PROTEST featured the Softball League match played between the Canadian Chinese and the Hongkong Baseball Club at King's Park yesterday. The accident occurred when Nazarin ran into Thompson the latter fracturing his collar bone.

The game drew a protest in the second innings when the plate umpire, Roy Lau, allowed the Canadian Chinese to cross the plate after the pitched ball had hit the batter. "Doc" Molthen immediately gave notice that he was continuing the game under protest. The score at that stage was one—all.

The Canadian Chinese came to light in the latter stages of the game to put on many runs with Woo connecting for a circuit clout to drive in two runners ahead of him.

Stagg made an auspicious debut for the H.K. Baseball Club.

### WIN FOR LIGA

Liga registered the biggest upset of the day when they beat the English Forum. Both teams played a long-inning battle before Liga scored two runs in their final innings.

Campos gave a brilliant display behind the plate and with Ozorio who put in much efficient work at short-stop were responsible for Liga obtaining their first League points.

### BRILLIANT PLAY

A large crowd turned out to see the "Recreio" B—Hongkong Ball Club game and were entertained to

some brilliant play but were disappointed by the "Recreio" B—Poor direction of the out fielders cost Recreio Juniors the game when they should have run the more experienced Ball Club very much closer.

The clash was featured by several long hits Dave Leonard connecting for a home run and a triple while Stan Leonard and Tolo Prata were the other heavy sluggers with a triple apiece.

### SHAKY DISPLAY

The Victoria Recreation Club had no trouble whatsoever with the "Filipino Club." Abiong got three hits in four times at bat. Azeo got two. Loyola and Castro connected hits for the Filipino Club but the surprise of the game was the shaky display of Hutchinson at the initial sack.

### DULL MATCH

Chung Hwa, through their greater experience, won against the Central British Association. The only thing of note in an uninteresting game was Wally Ching's home run to centre field.

George Fowler was very sound at first base but the other C.B.A. boys offered Rusty Fedoseyeff very little support.

### THE RESULTS

Results were as follows:—

# ARMY GIVE FINE EXHIBITION OF RUGGER TO BEAT H.K. CLUB IN GRAND GAME

## NAVY XV REPEAT LAST WEEK'S SUCCESS (BY "HOOKER")

The Army, although handicapped by the loss of their stand-off at a stage when they were 6 points in arrears, secured a deserving victory over the club on Saturday at the Club ground in their rugby match, winning by four tries and two goals (10 points) to two tries and two goals (10 points).

This was the Army's first win over the Club in the past two seasons.

It was a grand game in which Army forwards dominated play in the loose although they never got the better of the bigger club pack in the set scrums or line outs.

The Army three quarters upset the Club back by getting well up on the opponents and the Club, although in possession from the majority of set scrums, due to the fine hooking performance given by Salter, were well and truly upset and the well-known mechanical movements of their back division were never allowed to materialise.

Lang, at full back for the Army, appears to have settled any queries there might have been in regard to this position and his handling and kicking left nothing to chance. There was very little between him and Thompson.

Marsh, who occupied the right wing position, kept a close eye on Stewart and, once he gets settled with his co-centre, he should also be seen more on the attack.

Smith, playing for the first time in the scrum half position, gave a creditable display and once he gets used to this position he should be a very useful man. Burrell the only change in the forwards gave a good all-round display.

Fay, the only change in the Club backs, did not quite fill the position and, although he possesses a very useful kick coupled with a good turn of speed, rarely did he give Boscawen any opening. Bidwell and Stewart combined well on the Club left wing and only the terrier like attitude of the Army backs prevented them scoring far more points than they did.

## WONDERFUL TRY

Shortly after this, Paul scored a wonderful try with a corkscrew-run and added the extra points comfortably. Club XV seem to be getting very tired and the interval arrived with the Navy 13 points in front.

Shortly after the resumption, deliberate obstruction on a Navy player resulted in Dr. Selby awarding a try to the Navy, and Paul taking the converting kick under the posts added the extra points.

Van Leeuwen then opened the Club scoring with an unconverted try, but the Navy had the game well in hand and further tries by Kennedy, Clark, Cockrane and Taylor with Paul adding the extra points to the first three completed the scoring.

The Navy won by 36 points to three points.

## NAVY TOUNCE CLUB "A" AGAIN

For the second week in succession, a Navy XV outclassed the Club A XV, even though they were strengthened by Lascombe, Heath, and Searle.

The Navy backs were far in advance of the Club three and Stevens, the Colony full-back, played at centre three, Mr. Pascoe playing in his position. Paul, who scored a brilliant try after beating at least four men with his very deceptive corkscrew-running, was easily the best player on view. Day and Van Leeuwen were the only Club backs who shined at all well and, although the former worked very hard, he was inclined to hang on to the ball far too long.

### THE PLAY

Play commenced with the Club forwards attacking and the Navy did not appear to be settling down. The Club broke away on several occasions but the Navy defence gave nothing away and the majority of their moves fizzled out.

Following some Club passing near the half-way line, Cockrane intercepted to run half the length of the field to open the Navy scoring. Paul, made no mistake with kick. Following a loose dribble Carter

## ITALIAN TRADE WITH ALLIES

### Britain Appoints Commission

LONDON, Oct. 28 (BWS).—The Agreement providing for the establishment of a permanent mixed commission to regulate commercial affairs between Britain and Italy, is intended to facilitate arrangements to cover the whole field of commercial relations between the two countries.

#### TRADE BASIS

For several years, trade between Italy and Britain has been conducted on the basis of a clearing agreement, but the appointment of a Permanent Commission is hoped to provide a more convenient basis for trade, which in the case of Italy, has long been under state control. Under war conditions Control Boards of all kinds have had to be set up in Britain, too, and the Mixed Commission should prove a valuable addition to the machinery of economic exchange between the two countries.

#### FRANCO-ITALIAN TRADE ACCORD

ROME, Oct. 28 (Reuters).—A Franco-Italian Agreement, similar to that signed between Britain and Italy setting up a permanent mixed commission to regulate economic affairs, has been signed.

## SOVIET-GERMAN TRADE

### Delegation Now In Berlin

AMSTERDAM, Oct. 28 (Reuters).—A Soviet trade delegation is now in Berlin and will be received by Herr Hitler shortly, according to the Berlin correspondent of the "Telegraaf."

Well-informed circles in Berlin believe that the delegation has extensive powers and that the talks would not be confined to trade matters.

Dr. Schacht is participating in the discussions. The delegates will visit the Siegfried Line, the principal ports, shipyards and also warships.

## CANADIAN COPPER FOR BRITAIN

OTTAWA, Oct. 28 (Reuters).—Leading copper producers in Canada have agreed to supply to Britain 420,000,000 lbs. of electrolytic copper.

The supplies will be made over a period of a year.

The figure represents four-fifths of Canada's present output.

#### ARMS FACTORY

The formation of a new company, Sorel Steel Industries, to manufacture arms and munitions in Canada is announced. It will be incorporated with a capital of about \$2,500,000.

## SHARE MARKET REVIEW

### HONGKONG SHAREBROKERS' ASSOCIATION

Hongkong, Oct. 27. Although the market has continued very quiet there has, perhaps, been increased enquiry for shares resulting in a slight improvement in the volume of business recorded for the week. For the most part, however, conditions have been dull with little movement in price levels.

H.K. Banks changed hands at \$1300 with further buyers at this price. H.K. Docks had buyers at \$18. Trams were offering at \$16 with sales reported at \$15.80 and Hotels were offering at \$14.50 with buyers at \$14. Watsons were obtainable at \$8 after changing hands at this figure. Electrics remained quiet at \$50 and Lands at \$32. Wharves were wanted at \$100 with sales at \$101.

The Manila market has displayed signs of renewed activity. Benguet Consolidated improved from Ps 9.80 to Ps 10.10. San Mauricio advanced 5 cts to 22 cts and United Paracale improved 2 1/2 cts to 27 cts. Ipo closed 3 1/2 cts better at 12 1/2 cts and Itogons gained 3 cts to 19 1/2 cts. Big Wedge, Coco Grove, Paracale Gumaus and Suyoc all registered a gain of 1 cto. It is interesting to note that on the stocks mentioned a yield ranging from 15% to 30% can be estimated for the year.

## CREDIT LOANS TO FARMERS

CHUNGKING, Oct. 28 (Central).—A total of \$38,300,000 in the form of credit loans has been given by the Farmers' Bank of China to farmers in 230 hsien in Szechwan, Kiangsi, Kwachow, Kwangsi, Hunan, Hupeh, Shensi, Sining, Yunnan, Honan and Kansu.

The distribution of the money is as follows: Szechuen, \$16,000,000; Kiangsi, \$5,000,000; Kwachow, \$3,000,000; Kwangsi, \$2,000,000; Hunan, Hupeh, Shensi, Sining, Yunnan and Honan, \$8,000,000; and Kansu, \$2,300,000. Co-operative treasuries have been established in these provinces.

## ANGLO- RUSSIAN TRADE TALKS

LONDON, Oct. 28 (Reuters).—Discussions are going on between Mr. Oliver Stanley, President of the Board of Trade, and M. Maisky, Russian Ambassador, concerning the possibility of further trade agreements with Russia. These would be on the lines of the recent agreement whereby British rubber and tin would be exchanged for Russian timber and other goods. So far, the talks have been on exploratory lines; they will be continued.

## EUROPEAN WAR WILL NOT HINDER CHINA'S ARMED RESISTANCE

HONGTSI, Oct. 28 (Central).—"No foreign war can hinder our armed resistance and far less to undermine our established national policy," declared Gen. Yen Hsi-shan, Commander-in-Chief of the Chinese Forces in an interview to-day.

Gen. Yen said that though the European war might have some effect upon China, there need be no undue pessimism among the Chinese, for China has been fighting independently against the aggressor.

"Under present circumstances China's foreign policy should continue to be one of independence and self-reliance, though she should at the same time seize every opportunity to secure foreign assistance," Gen. Yen remarked.

"Any country, irrespective of its political system and ideology, which is sympathetic with and renders help to us is our friend. We should ally with it. On the contrary, any country which induces us to surrender is our enemy."

### JAPANESE STRATEGY

Analysing the Japanese strategy, Gen. Yen said that Japan is undertaking political manoeuvring side by side with military operations to seek for an early settlement of the China war. Politically, she is helping the Chinese

traitors to set up a bogus Central Government while militarily, her forces engaged in the aggressive campaign are placed under a unified supreme command.

Gen. Yen expressed gratification at the close co-operation now existing between the different parties and peoples in China and the recent heavy blows inflicted upon the Japanese which frustrated their attempt to penetrate farther into the country, and shattered the traitors' conspiracy.

### A NEW STAGE

Declaring that China's resistance has reached a new stage, General Yen urged that China should mobilise her entire strength and make full preparations for a big counter-offensive to drive the invaders out and recover all lost territory.

## Enjoyable Tournament In Aid Of B.W.O.F.

The American Tennis Tournament sponsored by the British War Organisation Fund, which was played at the Hongkong Cricket Club yesterday, was won by Lee Wai-tong and Mrs. Chiu Chun-chiu, the only Chinese participants, who defeated Lt.-Col. L. A. Newnam and Miss M. Griffiths by six games to four in a fast and colourful final set.

The tournament, which attracted no less than 58 pair entries, commenced at 11 a.m. It was divided into five sections, and all matches were of five short games with an automatic handicap.

The first game was played level, the losing couple receiving 15 in the second game and, if losing, receiving another 15, making 30 in the third game. On winning a game, the winning pair in the first two games conceded 15.

Proceeding from one stage to another without a single hitch, the tournament created wide interest and was a great success in every way.

Lady MacGregor presented the prizes. A sheaf of beautiful blossoms was presented to her by Mr. E. J. R. Mitchell, who also called for three cheers.

### NO BETTER WAY

In a brief speech, the Chief Justice, Sir Atholl MacGregor, said that he could think of no better way of spending a day in the open and of raising money for charity at the same time. On behalf of the British War Organisation Fund, he expressed gratitude to the organisers of the tournament and to all those who took part to make it such a magnificent success.

In particular, Sir Atholl mentioned Mr. L. Goldman, on whose shoulders fell the far from easy task of arranging the tournament. Mr. and Mrs. Stafford Smith for taking charge of the finances and Mr. C. de S. Robertson for the splendid manner in which he operated the bar which, as Sir Atholl said, was a far from unimportant part of the function. He also thanked supply P.O. Gould and P.O. W. Anderson.

## NOMADS BEAT RECREIO 2-1

### Gonsalves Saves Side From Heavier Defeat

(BY "TROJAN")

A friendly hockey match was played at King's Park yesterday morning when the Nomads second eleven beat the Club de Recreio juniors by two goals to one. A comparatively fast pace was maintained throughout, the game being featured by a goalless second half.

The Nomads took the initiative from the first whistle and notched their two goals within 20 minutes' play through J. Franco. The first goal, from a pass from R. Silva on the right wing, was disputed it being claimed the scorer was in an off-side position but the umpire ruled otherwise.

Then followed midfield play and in this period Recreio were lucky not to have found themselves in arrears by a wider margin. For this they have to thank H. Gonsalves who gave a creditable display between the sticks.

RECREIO SCORE Towards the closing minutes of this half J. Soares rounded off a fine solo effort by netting his side's only point. Apart from his scoring effort, Soares, leading the attack, gave a good performance but did not receive any support from the other forwards.

Following the change-over the Nomads still dominated exchanges but over-dribbling on the part of Xavier, their left-winger, nullified all their efforts.

For the winners their immediate line was seen to advantage, Mendonca, in the pivotal berth, giving an outstanding exhibition of spilling and distribution.

### WIN FOR RADIO

Another friendly match was played at the C.R.A. ground yesterday the home-team bowing to the superior teamwork of the Radio and Postal Sports Club. The visitors won by two goals to nil.

### ADDITION OF SENDER'S ADDRESS

Every article sent through the Posts should bear in the left-hand corner, or on the back, the name and address of the sender, so that the Post Office may be able in case of non-delivery, to return it unopened and without delay. A large number of undelivered articles are destroyed every year at the Returned Letter Office because they contain no clue, outside or inside, of the whereabouts of the senders.

Owing to the uncertainty of Sea transport the public are requested to post Christmas Parcels early, preferable before the end of October.
